Olive Branch Press, 2009. Paperback. Condition: New. Language: English . Brand New Book. Author of several notable books about the 9/11 attacks, Griffin (Philosophy of Religion and Theology, Claremont School of Theology and Claremont Graduate University) explores the collapse of the World Trade Center s Building 7, which--unlike the Twin Towers--was not struck by an airplane. In an examination of the National Institute of Standards and Technology report on the collapse, the author suggests that the report s conclusions are not supported by good science. Instead, charges Griffin, NIST is guilty of fabricating, falsifying, and ignoring evidence. Annotation 2009 Book News, Inc., Portland, OR ).
