Seal Press, United States, 2010. Paperback. Condition: New. First Trade Paper Edition. Language: English . Brand New Book. The United States is obsessed with virginit , from the media to schools to government agencies. In The Purity Myth, Jessica Valenti argues that the country s intense focus on chastity is damaging to young women. Through in-depth cultural and social analysis, Valenti reveals that powerful messaging on both extremes , ranging from abstinence-only curriculum to Girls Gone Wild infomercials , place a young woman s worth entirely on her sexuality. Morals are therefore linked purely to sexual behaviour, rather than values like honesty, kindness, and altruism. Valenti sheds light on the value , and hypocrisy , around the notion that girls remain virgins until they re married by putting into context the historical question of purity, modern abstinence-only education, pornography, and public punishments for those who dare to have sex. The Purity Myth presents a revolutionary argument that girls and women are overly valued for their sexuality, as well as solutions for a future without a damaging emphasis on virginit.
