Reviews

This written publication is wonderful. It can be written in straightforward phrases instead of confusing. I discovered this pdf from my dad and i suggested this publication to learn.
(Jesse Tremblay)

MARKET DOMINANCE AND ANTITRUST POLICY (PAPERBACK)

[DOWNLOAD](#)

Edward Elgar Publishing Ltd, United Kingdom, 2005. Paperback. Condition: New. 2nd Revised edition. Language: English . Brand New Book. Market dominance - encompassing single firm dominance, overt and tacit collusion, mergers and vertical restraints - raises many complex analytical and policy issues, all of which continue to be the subject of theoretical research and policy reform. This second edition of a popular and comprehensive text extends the arguments and combines an analysis of the issues with a discussion of actual policy and case studies. This new edition addresses the recent fundamental changes in antitrust law, especially in the UK and the EU, and reviews some high profile and controversial cases such as the Boeing-McDonnell Douglas merger and the Microsoft monopoly. The author moves on to deal with several unresolved questions including the conflicts between trade and antitrust policy, the foreign take-over of domestic assets and extra-territorial claims made by certain countries. Market Dominance and Antitrust Policy will be of considerable value to students and scholars of economics, law and business, as well as researchers, policymakers and practitioners with an interest in competition policy and international trade.
