THE PATIENT REVOLUTION: HOW BIG DATA AND ANALYTICS ARE TRANSFORMING THE HEALTH CARE EXPERIENCE (HARDBACK)

John Wiley Sons Inc, United States, 2015. Hardback. Condition: New. Language: English . Brand New Book. In The Patient Revolution, author Krisa Taylor a noted expert in health care innovation and management explores, through the lens of design thinking, how information technology will take health care into the experience economy. In the experience economy, patients will shift to being empowered consumers who are active participants in their own care. Taylor explores this shift by creating a vision for a newly designed health care system that s focused on both sickness and wellness, and is driven by data and analytics. The new system seamlessly integrates health into our daily lives, and delivers care so uniquely personalized that no two people are provided identical treatments. Connected through data, everyone across the health care ecosystem, including clinicians, insurers, and researchers, will be able to meet individuals wherever they are in their health journey to reach the ultimate goal of keeping people healthy. The patient revolution has just begun and an exciting journey awaits us. Praise for the patient revolution A full 50 of the US population has at least one chronic disease that requires ongoing monitoring and treatment. Our current health care system is woefully inadequate in providing these individuals with the treatment and support they need. This disparity can only be addressed through empowering patients to better care for themselves and giving providers better tools to care for their patients. Both of those solutions will require the development and application of novel technologies. In Krisa Taylor s book The Patient Revolution, a blueprint is articulated for how this could be achieved, culminating in a vision for a learning health system within 10 years. Ricky Bloomfield, MD, Director, Mobile Technology Strategy; Assistant Professor, Duke Medicine In The Patient Revolution, Krisa Taylor astutely points...
