Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from 1914 Illustrated and Descriptive Catalog of Whitin Cotton Waste Machinery and of Various Systems of Working Cotton Waste This catalog is intended to bring before the thoughtful consideration of textile manufacturers the processes and machinery required for the Reclamation of Cotton Waste. The economical and profitable disposal of the waste products of a cotton manufacturing plant has become a problem of the greatest importance to manufacturers on account of the prevailing high prices of cotton and labor necessary to convert it into marketable goods. The reclamation of the waste products of a mill affords simple means for the manufacturer to reduce his manufacturing expense to a minimum. To meet the demands of progressive manufacturers for a line of machinery for reclaiming their waste products, we have developed and placed on the market machines that have proven themselves particularly well adapted for such work. On the following pages illustrations and descriptions are given of the machines required in both the Coiler and Condenser Systems of Reclamation of Waste. Estimates of machinery required for either system will...
