Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Practical Methodology The present book is what its title implies, an attempt to reduce what is practical and pedagogical in the method of teaching the subjects discussed to an organized and systematic form. It has been undertaken in response, first, to a growing need for a teachable and scientific statement of the truths of method for use as a text-book in classes studying methodology; secondly, to a persistent demand of many teachers and students for a more specific discussion of method in reading, number, grammar, primary language, history, geography and nature study than any in print. To supply these needs is the main idea which has prompted to the preparation of the present volume. It is the aim of the present discussion(1) to investigate the theory aspect of general method briefly;(2) to apply the truths of general method in the study of special method in reading, number, grammar, primary language, history, geography and nature study;(3) to give an abundance of concrete illustrations of what lessons in these subjects should be in the light of the theory;(4) to criticise existing practices in the teaching of these subjects which are believed to be unpedagogical. These studies are, therefore, theoretical, practical and critical. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
