Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Hypnosis can be a powerful tool in your arsenal to enhance oneself. And the power to perform it on oneself gives one the peace of mind of achieving their goals by themselves, as well as skipping out on the bloated bill left by some psychotherapists and psychologists. Yes, you heard right, you can hypnotize yourself from the comfort of your own home, and skip the uncomfortable task of laying prone on a leather couch in the office of a psychologist or psychotherapist. You will also be surprised at how easy it is to hypnotize oneself. There are a few techniques to do it, and in this e-book you will learn the most effective ones. The book will go on to teach you a bit of the history and science behind hypnosis, before delving into actual techniques to hypnotize oneself. The e-book will then go into some specific examples of using hypnotism to achieve certain results, but as mentioned, there are many possibilities.
