Choosing Schools: Consumer Choice and the Quality of American Schools (Paperback)

By Mark Schneider, Paul Teske, Melissa Marschall

Princeton University Press, United States, 2002. Paperback. Condition: New. Revised ed.. Language: English . Brand New Book ***** Print on Demand *****.School choice seeks to create a competitive arena in which public schools will attain academic excellence, encourage individual student performance, and achieve social balance. In debating the feasibility of this market approach to improving school systems, analysts have focused primarily on schools as suppliers of education, but an important question remains: Will parents be able to function as smart consumers on behalf of their children? Here a highly respected team of social scientists provides extensive empirical evidence on how parents currently do make these choices. Drawn from four different types of school districts in New York City and suburban New Jersey, their findings not only stress the importance of parental decision-making and involvement to school performance but also clarify the issues of school choice in ways that bring much-needed balance to the ongoing debate. The authors analyze what parents value in education, how much they know about schools, how well they can match what they say they want in schools with what their children get, how satisfied they are with their children s schools, and how their involvement in...
