Curanderismo: Mexican American Folk Healing (Paperback)

By Robert T. Trotter, Juan Antonio Chavira, Flagstaff Northern Arizona University Department of Anthropology Robert T. Trotter II (Arizona Regen

University of Georgia Press, United States, 1997. Paperback. Condition: New. Second Edition. Language: English . Brand New Book ***** Print on Demand *****.The practice of curanderismo, or Mexican American folk medicine, is part of a historically and culturally important health care system deeply rooted in native Mexican healing techniques. This is the first book to describe the practice from an insider's point of view, based on the authors three-year apprenticeships with curanderos (healers). Robert T. Trotter and Juan Antonio Chavira present an intimate view of not only how curanderismo is practiced but also how it is learned and passed on as a healing tradition. By providing a better understanding of why curanderos continue to be in demand despite the lifesaving capabilities of modern medicine, this text will serve as an indispensable resource to health professionals who work within Mexican American communities, to students of transcultural medicine, and to urban ethnologists and medical anthropologists.

Reviews

This publication may be worth purchasing. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Cassandra Von**

This publication might be worthy of a read through, and superior to other. It normally is not going to charge excessive. Its been written in an remarkably simple way and is particularly just after i finished reading through this book through which in fact transformed me, alter the way i really believe.
