University Press of Florida, United States, 2000. Paperback. Condition: New. Reprint. Language: English . Brand New Book. [Stein] knows what has to be done, but she has also shown a new way to do it. Think of the author as a sort of jujitsu gardener; in her hands the very strengths of weeds are turned to her advantage. --New York Times Book Review In this manual cum philosophical treatise, Stein discloses an amazing amount of information, from anatomy to propagation, about more than 100 species of North American weeds. --Washington Post Book World From the author of the native gardening classic Noah's Garden: Restoring the Ecology of Our Own Backyard comes My Weeds, a foray into the secret and fascinating lives of the world's most hated plants. First published in 1988, My Weeds was among the first generation of books to advocate the use of native plants, and Stein's discussions of backyard ecology, pesticides, and the threat of exotic species were as groundbreaking then as they are relevant today. A biography of the plant world...
